VEER 2020

Verona Edgewood Educator Recruitment

A Grow Our Own Teachers Collaborative Effort

Between the

Verona Area School District

and

Edgewood College

Mission: The mission of VEER 2020 is to increase the pool of qualified teachers in hard-to-fill certification areas, first generation college attendees, and/or individuals who expand workforce diversity.

Vision: Our vision is that by the year 2020, all VASD positions to be filled by highly qualified educators whose demographic makeup reflects that of the students attending VASD.

Methods: Both VASD and Edgewood have committed funds for this effort over the next three years so that nine (9) VASD students who are called to be educators can receive a fully funded Bachelor’s Degree with teacher certification(s). In exchange for this tremendous opportunity, students agree to work as teachers for VASD for at least five (5) years upon graduation.

Eligibility: All VASD juniors and seniors are eligible to apply.

For More Information: Plan on attending an informational meeting from 4 – 5:30 pm on March XX, at the Verona Area High School Performing Arts Center.
